NEW PROGRAMS

GPS AND TRADITIONAL

EMERGENCY MANAGEMENT & HOMELAND SECURITY

The Emergency Management & Homeland Security programs prepare both traditional and adult students for 21st Century emergency management while earning a degree, industry certifications and experience — all through a Christian lens. All students will be prepared to make decisions, problem solve, plan, implement, and coordinate resources necessary for preparedness, mitigation, response, and recovery from possible disasters.

TRADITIONAL

WORSHIP ARTS

Merging core curriculum from Christian Ministry, Music, Graphic Design, and Communication/Media, the Worship Arts major prepares students for the calling of pastoral leadership. By weaving the development of musical, visual, and communicative skills with biblical, theological, and historical formation of Christian worship, the program provides a well-rounded approach to the skills and knowledge necessary to serve as a Worship Arts Director.

CAPITAL PROJECT

SOCCER AND LACROSSE STADIUM

Construction of Phase 2 of the soccer and lacrosse stadium is underway and will include seating for 500, locker rooms, restrooms, concessions, press box, patio seating and other amenities. Combined with the turf field, lights and scoreboard of Phase 1, completed in 2019, the finished stadium is expected to enhance the game-day experience for athletes, fans, and broadcasters starting in Fall 2022.

The \$1.75-million Phase 2 is funded through the generosity of donors who have been steadfast in their support of the project since it was announced during MVNU's 50th anniversary celebration in 2018, along with Ariel Foundation's matching gift for every dollar raised up to \$1.4 million of the overall \$3.9 million complex.

For more information on the project, along with naming opportunities, visit mvnu.edu/future.
