

Retention Rates for First-Time-in-College, Full-time Students

Under the provisions of the federal Student Right-to-Know Act, MVNU is required to release certain information to current and prospective students, and other interested consumer constituencies. This is a report on the retention of cohorts entering in one fall semester (or the preceding summer term) and returning the subsequent fall. The cohort includes all first-time-in-college students, seeking a baccalaureate degree, and enrolled as full-time students. Under the provision of the Act, the initial cohort may be adjusted for students who departed for the following reasons: death, permanent disability, service in the armed forces, foreign aid service of the federal government, or official church missions assignment. No other adjustments to the initial cohort are to be made.
